Theodore J. Lowi First Book Award (APSA-IPSA)

The Theodore J. Lowi First Book Award has been established to honor Lowi's distinctive contributions to the study of politics. This award recognizes the author of a first book in any field of political science that exemplifies qualities of broad ambition, high originality, and intellectual daring, showing promise of having a substantive impact on the overall discipline, regardless of method, specific focus of inquiry or approach to subject.

Application deadline: 1 March 2023

Amount: \$750 USD

Eligibility: Nominees must have published their first single-authored book in the previous calendar year.

Requirements: Nominators are responsible for shipping or sending books to the award committee (COPA) after submitting a nomination on APSA's website.

Books must have been published in the previous calendar year to be eligible for the current awards cycle (books for the 2022 award must have been published in 2021). Many books contain both a publication date and a copyright date, and these may differ. Eligibility is determined by the earlier of these dates that is printed with the publication information at the front of the book.

Books should be single-author works to be eligible for the Lowi Award. For a book to be eligible for the Lowi Award, it must be the first book ever published by the author. If the book is the author's first book about political science, but not the first book ever published, it is not eligible.
